Learn and Connect at the Summit

The 2023 AFPM Summit:
Excellence in Plant Performance is right around the corner!

The Summit delivers world-class technical sessions dedicated to improving plant-wide performance in the refining and petrochemical industries. Join and network with dedicated industry subject matter experts to discover the latest strategies and emerging innovations, and find immediate solutions to implement at the site level. With over 70 sessions, we guarantee to deliver the curriculum you need to succeed.

Who Should Attend?

- Technical Managers
- Process Engineers
- Reliability Leaders
- Operations Managers
- Maintenance Leaders
- Process Control Leads
- Contractors
- Technical Licensors
- Turnaround Planning Managers
- Optimization Managers
- Digital Transformation Change Agents
- Emerging Leaders

Why Should You Attend?

- Network with leading experts in your field
- Explore innovative solutions to technical challenges
- Learn about operationalizing emerging technologies and actionable solutions
- Come together to celebrate our industry's achievements
- Connect with your customers
- Collaborate with your peers
